Model in a Bottle

You've applied your makeup and look fantastic. Then you go outside and have a beauty meltdown—you can see your own reflection off your nose, your eye makeup starts to bleed and your lipstick has run. What's a girl to do? Apply Model in a Bottle! This fast-drying fixative is a lifesaver. A few spritzes after applying your makeup will keep you looking model fabulous all day long. It's easy to wash off and doesn't clog pores. A must-have for the coming months, it is available at www.modelinabottle.com or by calling (888) 444-5044.

Hat's Out of the Bag

Using only the best raffia from Madagascar, these fabulous hats and bags will transport you. The adventurous colors and subtle hues combine to echo the distant murmuring of faraway places, without you ever having to leave home. Great for city or seaside, Helen Kaminski hats, bags and accessories can be found at www.helenkaminski.com.

Where'd You Get That Glow

For skin that glows on the go, Emani pressed mineral powders and bronzers glide over the skin and leave your complexion looking like perfection! Emani products are pore friendly, hypo-allergenic and are created using all natural minerals. For more info call (800) 340-4545 or log onto www.emani.com.

Top Secret

Guess who's got a new secret? Victoria's Secret, best known for its lingerie, has added a new line of skincare therapy called Gorgeous imported from the UK. Your skin is left feeling velvety smooth, clear and radiant, while the aromas conjure mood-enhancing gorgeousness. All the better to slip into something a bit more comfortable... Available at Victoria's Secret in Paramus, or visit www.gorgeousskincaretherapy.com.

Cut the Grease

This rich, concentrated and fragrant liquid dish soap contains Soap Bark, one of nature's best degreasers for dirty pots and pans. Plus, the fragrance—No.14, better known as Basil Blue Sage—will transport you to the south of France, making household chores seem more enjoyable. For the nearest retail locations call (877) 576-8808 or visit: www.caldrea.com.
