WIN MODEL IN A BOTTLE!

Want model-like makeup that lasts all day? Now, you can have it—just be among the first fifty readers who write in, and you'll receive Model in a Bottle (an \$18 value), a matte finishing makeup setting spray designed to hold foundation and eye makeup in place without smudging, caking or running. Formulated with aloe vera extract, Model in a Bottle absorbs excess oil without clogging your pores. Easy, one-step application prevents the need for make-up touchups later on.

To be eligible, just send your name and address to: Model in a Bottle Contest, *Celebrity Hairstyles*, 1115 Broadway, New York, NY 10010.

>>> There's always an equal and opposite reaction to classic styles, and this time around, it's full, fancy-free and obviously textured. Get the look with twist-drying, or show off natural bend with a strong curl-enhancer, diffusing hair dry as you scrunch a bunch!

<<< When you don't want a cut with an obvious shape, wear it long and loose. To avoid a dated, stick-straight style, blow-dry, then set warm hair on Velcro® rollers just long enough to add movement.

great shapes

>>> Straight, shiny hair looks fresh when styled close-to-the-head on top and cut into a strong exterior shape from the ears down. Here, hair gets wider, then moves in, achieving a subtle V effect. Side-swept bangs provide a strong line in front, too.
