DryShine Styler from PureOlogy is the first hybrid styling product for color-treated hair with two uses: it provides flexible, light-to-medium hold along with a radiant, glossy shine. Great for use on damp or dry hair of any length or texture—and even for flat-ironing—the non-greasy, versatile styler distributes easily with no sticky, tacky feel. It's also alcohol-free and color-retentive so it keeps color vibrant and alive. For more information, call 800-331-1502 or visit www.pureology.com.

When you think of Essie, you naturally think of nail polish, but now, the company has launched its first lip gloss collection. Gloss-e is available in six shades that create a silky, glistening tint. The nearly weightless, long-wearing, water-resistant formula produces a perfect pout without goopy-ness or tackiness. Essie Gloss-e retails for \$12.99; for more information, call 800-232-1155 or visit www.essie.com.

Prepare to dazzle this season with Zoya's Glitterati collection, brilliant, sparkling colors for lips and nails that demand to be seen. The line includes six high-fashion shades of long-wearing nail lacquer and three of Hot Lips color + therapy gloss. As always, Zoya healthy nail colors are free of harmful industrial chemicals like toluene and formaldehyde that are known to cause cancer and birth defects. The Glitterati collection is available at fine salons and spas across the country, or online at www.zoya.com.

Whether you're a stay-at-home Mom, a businesswoman or young and single, Model in a Bottle can help make your life easier! The unique, fast-drying finishing spray eliminates the need to reapply makeup throughout the day, providing for a translucent matte finish that absorbs excess oil. Just mist on your face after makeup application is complete and allow to dry before opening your eyes. For more information, visit www.modelinabottle.com.

Vivid Color Pure Blonde Shampoo clarifies and brightens highlights in natural and color-treated blondes by removing build-up and neutralizing brassy tones, allowing for hair's pure blonde to shine through! It also boosts body and shine, nourishing hair while helping to shield it from the dulling effects of the sun. The result? Color stays true longer. Suggested retail price, 8.5 oz.: \$14.95 through authorized salons. For information, call 1-800-456-9322.
